EC4YOU DIGITAL MARKETING – CHENNAI

WEB DEVELOPER

Web Developer at EC4You Digital Marketing for 8 months, proficient in utilizing a diverse toolset including React, Django, RESTful APIs, WooCommerce, WordPress, and Figma. Collaborated on web development projects, contributing to the creation of dynamic and engaging online platforms.

Projects

E-COMMERCE WEBSITE

Tools : Django, Mysql, Bootstrap, Html5 and Css3

Executed the entire project single-handedly, from conception to implementation, with a focus on utilizing Bootstrap for improving user interface responsiveness and optimizing backend processes. This autonomous approach resulted in notable enhancements in customer satisfaction and overall website performance.

GYM WEBSITE

Tools : Reactjs, Django, Mysql, Bootstrap, Html5 and Css3

Developed a gym website using React within two weeks, independently designed and developed every aspect. Utilizing React for dynamic and responsive user interfaces, ensuring an engaging browsing experience for visitors.

MOVIE WEBSITE

Tools : Reactjs, Django, Mysql, Bootstrap, Css3

Within a brief period, I developed a movie website using Django and React. The site includes trending and upcoming movie lists, filtering options, and a favorite list feature. A stylish slider enhances the hero section, offering users a visually engaging experience.

PHOTOGRAPHY PORTFOLIO WEBSITE

Tools : React, Tailwind CSS, Framer motion

I developed a photography portfolio website using React, Tailwind CSS, and Framer Motion. The site presents images in a stylish and dynamic way, with smooth animations and sleek design features.

DIGITAL MARKETING AGENCY WEBSITE (ec4you.in)

Tools : Wordpress, Figma, CSS, Elementor, SEO

I constructed the ec4you.in website, which serves as a digital marketing agency platform, utilizing WordPress, Additional CSS, and SEO optimization. The site showcases the agency's services and expertise in a visually appealing and user-friendly manner, ensuring optimal online visibility and engagement.
